DR. HAROLD K. TREECE, M.D.

We would like to dedicate this year's annual to Dr. Treece, in loving memory.

Not only was Dr. Treece a vital part of the school for his services rendered as team doctor, but he was considered a good friend by everyone who knew him both at school and throughout the village of Arlington.

Dr. Treece was an admirable person and will be missed by all who had the pleasure of knowing him.

We are the makings of the school's personality. Without each and every one of us, the school would be a mere structure, cold and distant to all. Because of us the school has life. Since the school has life it should have a name. Its name is Arlington Local School. Let us cherish its memories in the pages to come and let's hope for many more in the years that follow.

We the graduates
are the hope of the school.
We are looked up to by all because we have
managed to make it through twelve years
of reading, writing, and arithmetic
with smiles on our faces.
It is our school's hope that after graduation
we will enter the world as good citizens.
Because the school has given us so many
memories throughout the years,
we shall always consider it very precious.

Jolanda

Jolanda Krohne was our foreign exchange student this year. She was the guest of the Raymond Combs family of 123 West Main Cross, Arlington.

Jolanda enjoyed many things while visiting the United States such as the food, certain TV programs, and going to the movies. Three of her favorite screen stars are Barbra Streisand, John Wayne, and Charlton Heston.

Her favorite school subject was Art. During the year she enjoyed working with plaster of paris and rosmaling.

Although Jolanda enjoyed her visit to the United States very much, she would rather live in the Netherlands.

As a member of the senior class we would all like to wish her the best of luck when she returns home.

Why can't they write these instructions in Dutch?!

Jolanda enjoyed art class.

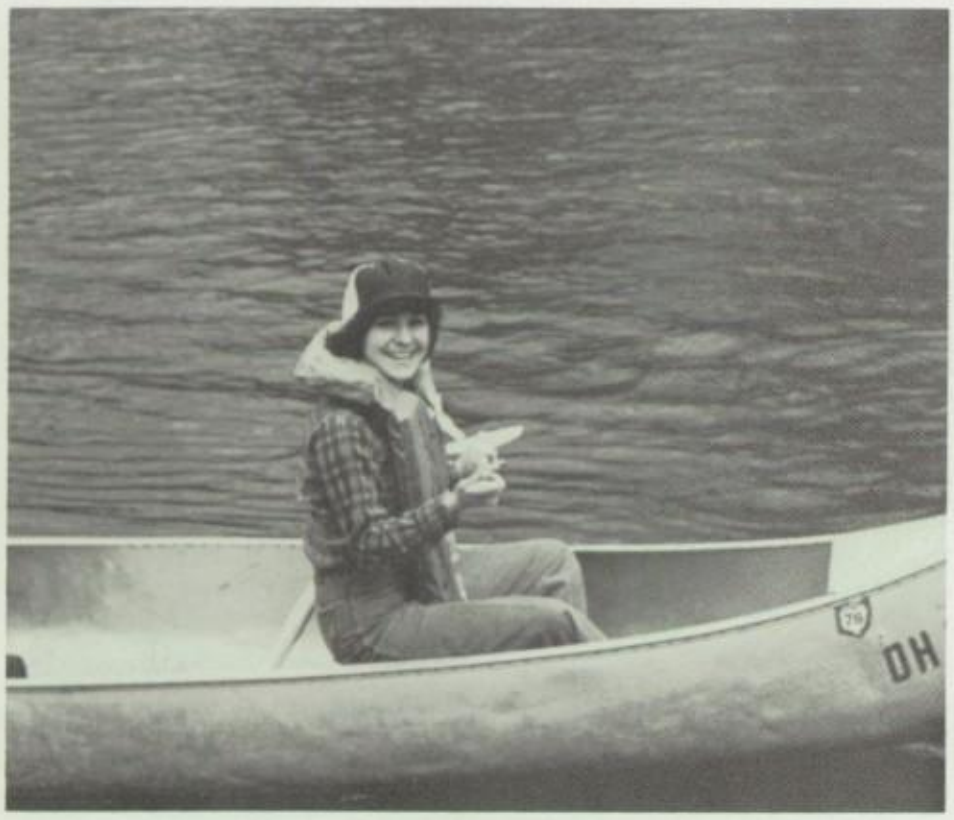
It must have been an inside joke.

Jolanda, Brenda, Mr. and Mrs. Combs at home.

Happy Birthday, Jolanda!

This is how we do it in the Netherlands.

Greg hits the slopes!!!



Ready for anything!

Senior Trips

Three one-day trips were enjoyed by the Seniors this year. The first of these trips was to Snow Trails Ski Resort in Mansfield, Ohio, on February 9, where everyone seemed to have a good time. After a lesson with the ski teacher, everyone hit the slopes, trees, and other people! Fortunately, however, no one experienced any bad fatalities.

The second trip was an excursion to Mohican State Park on May 10. On this trip we all learned how to maneuveur a canoe, and also how to fall out of a canoe! This proved to be a very cold experience for everyone.

Our final trip was to Cedar Point on May 24. This was one of our most enjoyable trips of the year. Everyone rode most of the rides at least once, and some rode them as many as fifteen times. On the way home, the bus broke down and we were therefore delayed. Could this be our overnight trip at last? No, another bus came to our rescue and we were on our way home!

Open wide and say aaah!

are the backbone of the school.
It is our hard work and determination
that makes the school what it is.
When we become the new hope of the school,
we will trust that through our hard work
the school will become
just a little bit better.

We the little people,
are the laughter of the school.
Because of our tiny bodies, the bigger people feel that we aren't capable of any great accomplishments, but we are the greatest achievers of all. When our elders get all wound up in the endeavors to accomplish, they look to us to lighten their load.

Because there will always be little people to bring laughter throughout the school, we can rest easy knowing that when we become the new backbone of the school, they will be there to lighten our burdens.

We the educators
are the intelligence of the school.
We have the knowledge and patience
to teach what we feel is of utmost importance.
Although we are faced with challenges
both great and small, day after day,
year after year, our greatest joy of all
is knowing that through all these
trials and tribulations
we have gotten through the minds
of today's youth.

We the entertainers
are the music of the school.
Our melodies and harmonies
give the school grace and beauty.
Whether we be playing a rousing
Sousa march or singing a
sweet medley, we stir emotion
into the hearts of all.
Through our music, we are able to
express to all our love in a way
that is universal to everyone.

It's all right, Bernice!

The 1978 Fine Arts Festival was held on May 16 in the High School auditorium. Exhibits were featured by members of the Art, Science, Home Ec., and I.A. departments, and music was provided by the Band, Jr. High Choir, and the High School Choir. A special presentation was made by the Bowling Green Men's Choir. The evening proved to be very enjoyable for all who were present.

We the competitors,
are the spirit of the school.
All the enthusiasm and excitement
of our fans play a vital part in the
roles that we perform. We experience
the true meaning of the thrill
of victory, and on occasion, the
agony of defeat. We possess the
determination to win at everything
we attempt, and if at times
we do not succeed, we have the
courage to keep on trying.

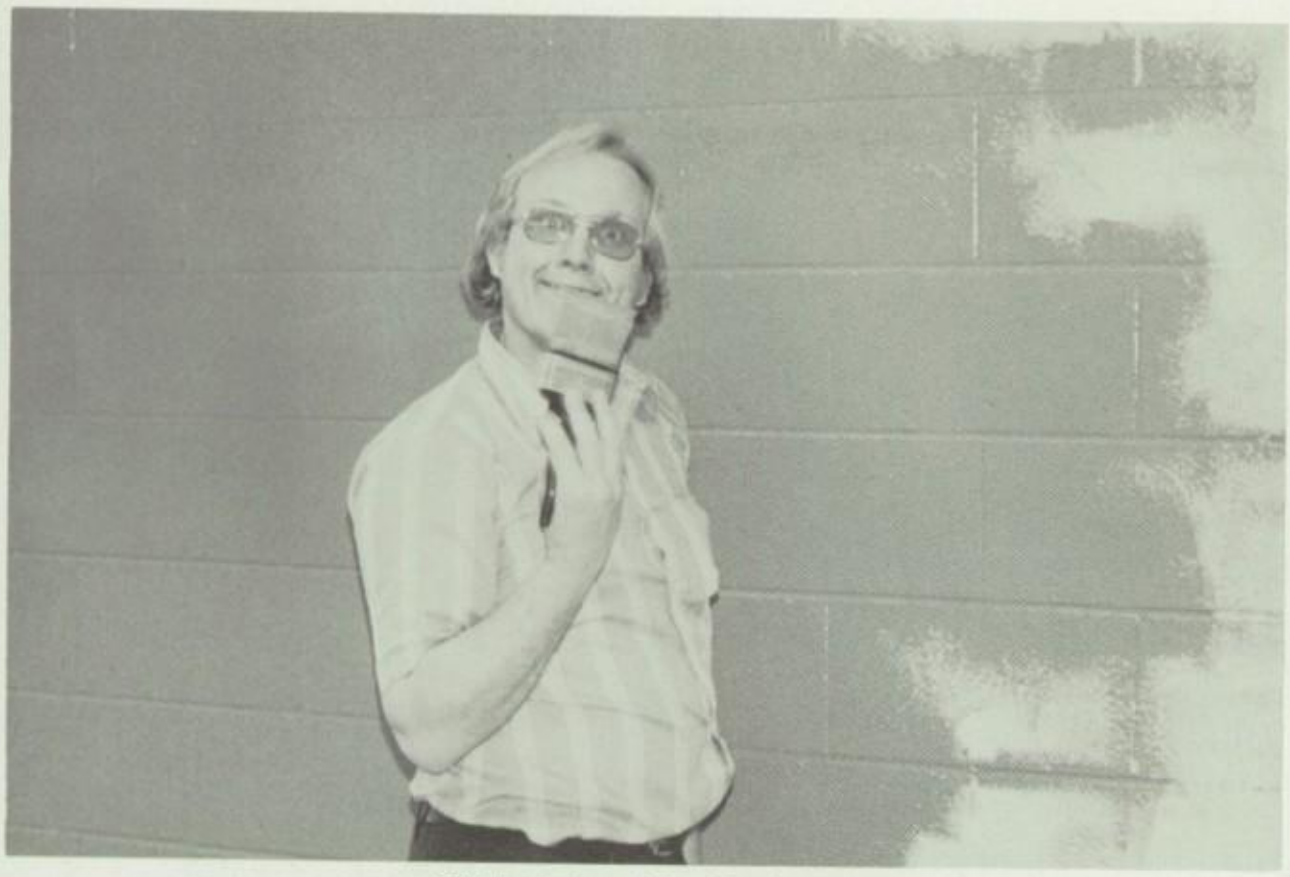
Development

Many people were involved in the construction this year, construction workers, teachers and students. We had to get used to many changes, such as a great amount of noise, dust, moving classrooms around and walking back and forth to the church, rain or shine.



This is the face of Ron Rembrant!

A common scene during the school year.

John Henry was a steel drivin' man!

We the entire population of the school, are a definite part of the Big Event. This section is a highlight of all the activities that were considered to be the most important ones. All the happenings that make up an eventful year have been included in the pages that follow.

These are happy times shared by all and in the same respect, should be cherished by all.

The Big Event

Queen Becky

The Homecoming was held on October 7, 1977. The day was dedicated to the seniors. An assembly was held ninth period, and Greg Buck announced the five senior girls who were chosen as queen candidates. They were presented with a mum and a heart-shaped necklace.

At halftime of the Hardin-Northern game, the ceremonies began. The band marched on to the field in a crown formation while playing, "The Way We Were." It was during this time that the girls were escorted on to the field. Then over the loud speaker came the name of the new Homecoming Queen for 1977: Miss Becky Businger. While cheers and applause rang through the crowd, Natalie Gant McClelland came on to the field to retire her crown to the new queen. The night was a total success with a victory over Hardin-Northern: 27-7.

The following night there was a dance in honor of the queen. The theme was "Evergreen." The first dance was dedicated to the attendants and the senior escorts.

Our Advisor, Sue Stickel

In September of 1977 we began the long process of capturing the year's events in pictures and in text. We feel that through our hard work and determination, we have created a yearbook that will capture the hearts of all who read it for years to come.

We would like to take this time to express our gratitude to the staff and our advisor, Sue Stickel, whose never ending energy and dedication have made this endeavor a success. Without their help, this annual could never have become a reality.

In conclusion, we hope you as the reader have enjoyed this 1978 Arlington yearbook as much as we have enjoyed preparing it for you.

Your Editors,
Peggy Greene and Steve McMillen

We the patrons,
are the financial aid that have caused
the makings of this yearbook to become
a reality. Through our support both
the yearbook staff and we have
benefited tremendously. The yearbook
staff received the funds they needed,
and we in return received a permanent
form of advertisement.
